Dear friends of Semmelweisklinik,

we are delighted that you are here!

In turbulent times, we'd like to take a weekend to come together and celebrate.

For the past four years, we've poured our hearts into this project. Our goal was not only to create an accessible space for art and culture, but also to explore new ways of creating together, sharing responsibility, and experimenting with small-scale social utopias.

We'll be honest: sometimes we are doing great, and sometimes old habits or capitalist pressures catch up with us. But today, we're celebrating everything that has already grown from this place - countless inspiring encounters, friendships and ideas that simply wouldn't have existed otherwise.

With a lot of freedom, looking out for one another matters more than ever. If you notice that someone isn't feeling well or that boundaries are being crossed ask for support or step in if you feel able to.

If you like what we're building here, help us secure the future of Semmelweisklinik. On the last page, you'll find ways to get involved and support us.

We wish you a wonderful weekend!

Your Klinik unter Palmen Crew

ARTIST INFO

The Bigolio Project

After one or two glasses of Hennessy on the sun deck of his Fincantieri yacht, Milo Ernesto Bigolio von Küster (frontman of the Vienna-based band GOLDESEL) embraced the core neoliberal belief that true success comes solely through individual responsibility and personal ambition. As a result, Bigolio celebrates his exclusive solo debut at Klinik unter Palmen.

Blumengemetzel

The two Währing reading stages „Blumenmontag“ and „Wortgemetzel“ have joined forces for Klinik unter Palmen. For this special edition, the organisers themselves will take the stage. Nico Alber, Lydia Haider, Celeste Ilkanaev, jopa jotakin, Mercedes Kornberger and Anika Stenitzer. Artistic photographic accompaniment: Apollonia T. Bitzan

Cafe Sekt

Pop the cork—Café Sekt is here. The Vienna-based FLINTA* band serves sparkling tunes and captivates audiences with their high-energy performances and infectious enthusiasm.

Clown Wully

Little bee Buzzabelle notices that the tiny flowerpot looks sad. It has never been to a real meadow and feels all alone. "That has to change," she thinks and a wonderfully joyful adventure begins. Gentle clowning, hilarious hand puppets, interactive songs, and plenty of laughter await young audiences.

DJ Spliffy

A mix of hip-hop, groove, and laid-back summer beats.

Dafne Moreno

Shares her love for cumbia sonidera as a musical style and as an expression of resistance and joy. Inspired by Mexican sonidera culture, this immersive performance explores migration and the feeling of carrying dances and relationships in the body long after they are gone.

Daphne von Schrader

„slow holiday noise“

How to enter soft modes from last week, hold slow states within reach or reconstruct my holidays acoustically.

Experimental Music / Live Electronics

David Pridal

„Rotating Sound Spa“

Somewhere between ambient escalation and system collapse. Please relax responsibly.

Live Set

Elena Waclawiczek

Singer & Songwriter: Elena presents a selection of songs she has secretly written over the past 23 years.

Freitags in der Klinik Jam

Drawn from the community around our weekly Friday in the Klinik jam sessions, this FLINTA formation creates a space for spontaneous musical exchange. Expect an open, playful performance where improvisation, connection, and collective creativity take centre stage.

Isabella Rummel

The Author and illustrator reads from her children's books and takes the audience on a journey into the underwater world.

Koko Cappelle

Koko Cappelle is a Vienna-based Latin American rapper whose multicultural roots and fiercely feminist, decolonial edge have made her a standout force in the city's freestyle and battle

rap circuit. Her recorded work moves between personal history, cultural commentary, and the thrill of pure lyrical combat. Koko performs with the clarity and conviction of someone who knows exactly why her voice matters.

Leolo

Leo's artistic interests revolve around acoustics, sonic media and technology, the (re)production of sound, and the sociocultural histories of electronic music. At Klinik unter Palmen he will explore them through a vinyl mix of dub, electro, and ambient music.

Luca Malina

Luca Malina captivates with her raw, versatile sound. Blending alternative pop, R&B, and electronic influences, she moves effortlessly between vulnerability and power. Her deeply personal songs explore life, relationships, and the thoughts that keep us awake at night—always with honesty, attitude, and her unmistakable style.

Pau:sa b2b Baby Blue

Pau:sa and Baby Blue share driving grooves and a shared love of club culture.

Toni Stark

Bielefeld born and Vienna based DJ and producer Toni Stark is known for his deep crates and love for bass driven grooves.

TschappoTschino

Summer. Sunshine. Disco beats.

Expect the sound of melting vanilla ice cream by the sea, with a gentle breeze carrying the chirping of crickets at sunset.

Holiday vibes and swaying hips aren't just included—they're guaranteed.

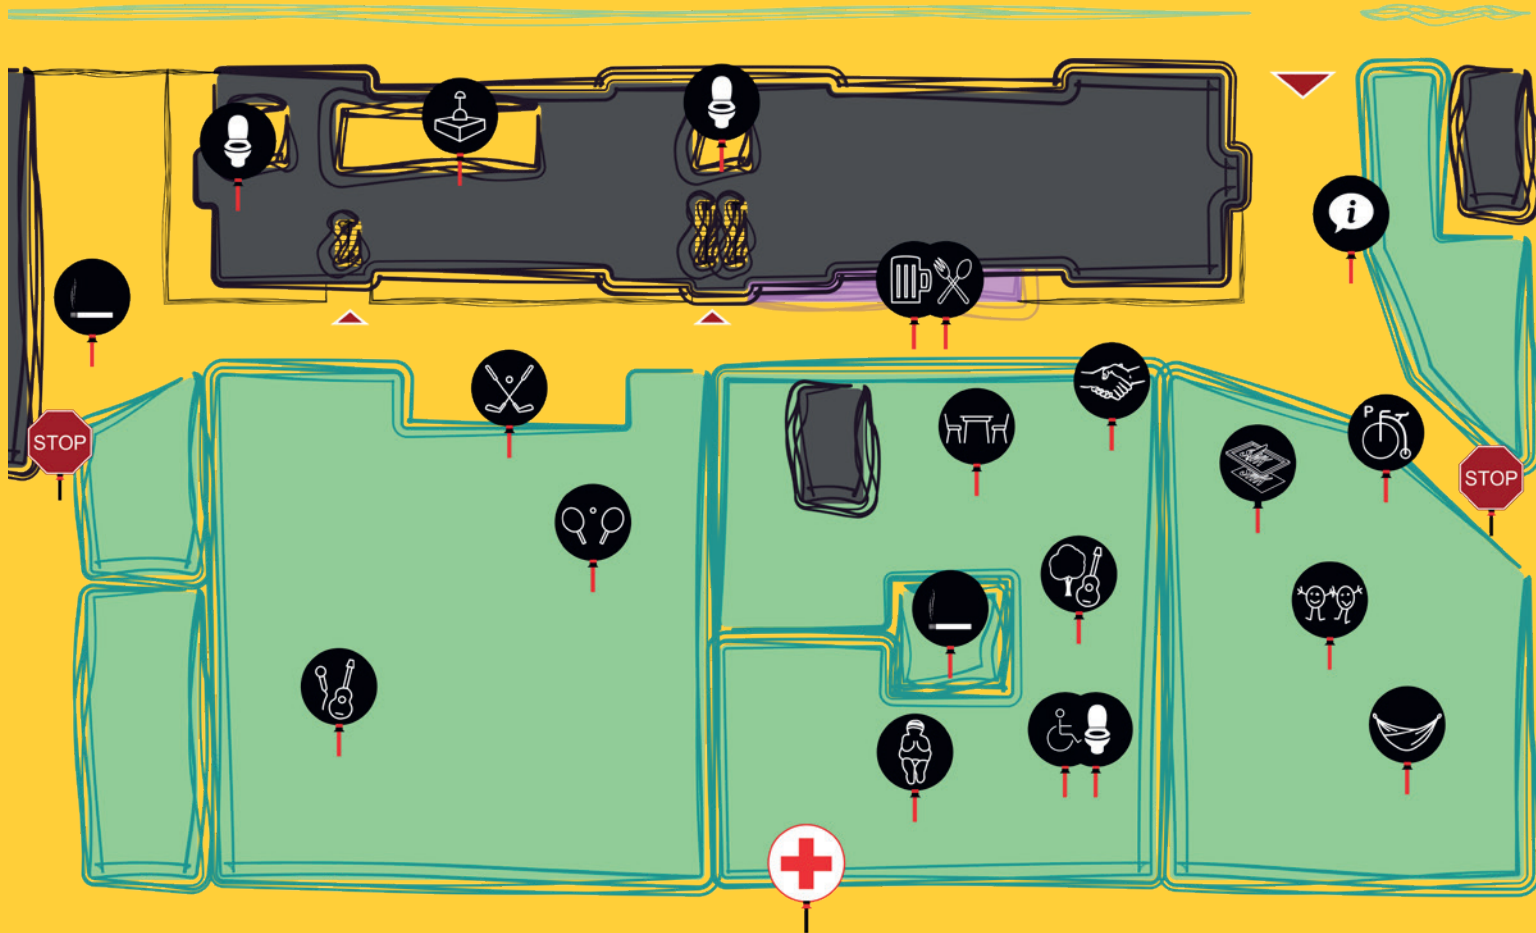

Variété MIAO

Variété MIAO cooks up an irresistible mix of clowning, acrobatics, wrestling, and absurd comedy. Served hot - don't miss it! Featuring Duo MiMa, Grillhendl Rotation Crew, Karl Bert K., Max Wully, and Power Family Wrestling. Hosted by Ms. Nowak and Mr. Lux.

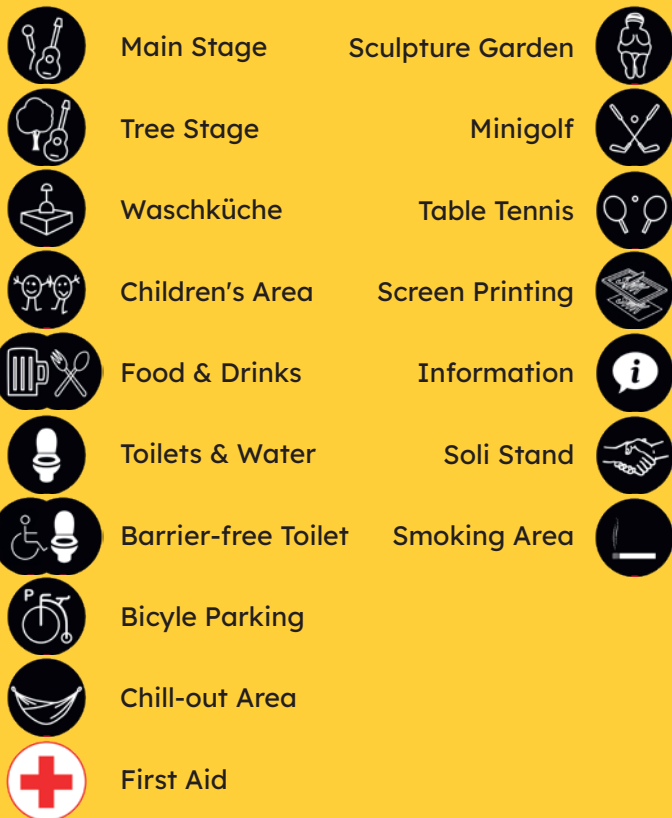

Wirrbel

Wirrbel's songs are intimate, witty, and unapologetically honest, exploring love, longing, chaos, and co-menstruation.

Blending Viennese folk, pop, blues, jazz, and chanson, Wirrbel creates a musical world that is delightfully unpredictable - a flickering light in the dark.
